Junior DevOps • Application Support • Linux/Automation

SUMMARY

Application Support/Junior DevOps practitioner with Linux administration experience and a focus on automation and CI/CD fundamentals. Comfortable with Ansible, Git, Jenkins (basic), Docker, and Kubernetes (basic). Strong incident/change management using ITSM tools; improves reliability with monitoring (Zabbix/Grafana) and scripting (Bash).

KEY SKILLS

- DevOps/Automation: Git, Jenkins (basic), CI/CD concepts, Docker, Kubernetes (basic), Ansible, Bash
- Platforms: Ubuntu, RHEL/CentOS; Nginx, Apache; SSH, systemd; log analysis
- Monitoring/Observability: Zabbix, Grafana, Cacti; alerting and dashboards
- Databases/ITSM: MySQL, Oracle basics, SQL; ServiceNow, Jira, Zendesk; ITIL (Incident/Change/Problem)
- Networking: TCP/IP, OSI model, VLANs, DHCP/DNS, VPN/OpenVPN; Cisco/Juniper/Extreme/MikroTik basics

PROFESSIONAL EXPERIENCE

Codix Bulgaria — Application Specialist (Installation & Delivery)

Jun 2021 – Present | Sofia, Bulgaria

- Resolved L1–L2 incidents via ServiceNow/Jira; collaborated with dev/DBA teams to stabilize releases and hotfixes.
- Automated routine operations (user provisioning, config deployment, log rotation) using Ansible and Bash.
- Supported Linux application servers and web stack (Nginx/Apache), performed deployments and environment checks.
- Implemented monitoring and alerting with Zabbix/Grafana to improve service visibility and reduce time to detect.

Netsurf — Network/System Administrator

2020 – 2021 | Bulgaria

- Managed Linux/Windows servers; configured DHCP/DNS, VPN/OpenVPN, and basic routing/switching.
- Monitored infrastructure with Zabbix/Cacti and handled escalations to vendors.

WordPress Freelance — Developer

2018 – 2020 | Remote

- Built WordPress/WooCommerce solutions end-to-end: hosting (cPanel), PHP/MySQL, themes/plugins, performance/security.

VIVACOM — Sales Expert

2015 – 2019 | Sofia, Bulgaria

- Customer service and sales operations; trained new hires; tracked team and store goals.

EDUCATION

- Applied Physics — Sofia, Bulgaria
- SoftUni — relevant courses in software and IT
- Udemy — Linux/Networking/DevOps courses

LANGUAGES

- Bulgarian: Native
- English: Intermediate (B1–B2)
