Network Administrator • Systems Administration • Application Support

SUMMARY

Network/System Administrator with experience across LAN/WAN operations, Linux server administration, and application support. Hands■on with Cisco/Juniper/Extreme/MikroTik, VLANs/ACLs, DHCP/DNS, VPN/OpenVPN, and firewalls. Strong incident management and monitoring (Zabbix/Grafana/Cacti); collaborates with cross■functional teams to maintain availability and performance.

KEY SKILLS

- Networking: TCP/IP, OSI model, VLANs, ACLs, routing, DHCP, DNS, VPN, OpenVPN, Firewalls; Cisco IOS, Juniper, Extreme Networks, MikroTik
- Systems: Ubuntu, RHEL/CentOS, Bash, systemd, Nginx, Apache, SSH, backups, patching, log analysis
- Monitoring/Automation: Zabbix, Grafana, Cacti; Ansible; Git; Jenkins (basic)
- Databases/ITSM: MySQL, Oracle basics; ServiceNow, Jira, Zendesk; ITIL processes (Incident/Change/Problem)

PROFESSIONAL EXPERIENCE

Netsurf — Network/System Administrator

2020 – 2021 | Bulgaria

- Administered LAN/WAN infrastructure: configured VLANs/ACLs and routing on Cisco/Juniper/Extreme switches/routers.
- Deployed and supported DHCP/DNS and site■to■site/remote■access VPN (OpenVPN); ensured secure remote connectivity.
- Managed Linux/Windows servers, OS installs/patching, and routine maintenance; troubleshoot endpoint connectivity issues.
- Monitored network health with Zabbix/Cacti and escalated vendor issues to ensure timely resolution.

Codix Bulgaria — Application Specialist (Installation & Delivery)

Jun 2021 – Present | Sofia, Bulgaria

- Supported enterprise applications, resolving L1–L2 incidents via ServiceNow/Jira and coordinating with dev/DBA teams.
- Maintained application servers on Linux: web services (Nginx/Apache), authentication/permissions, and logs.
- Built monitoring dashboards/alerts in Zabbix/Grafana and automated maintenance with Ansible/Bash.

WordPress Freelance — Developer

2018 – 2020 | Remote

- Delivered WordPress/WooCommerce sites: hosting setup (cPanel), PHP/MySQL, themes/plugins, performance/security.

VIVACOM — Sales Expert

2015 – 2019 | Sofia, Bulgaria

- Customer service and sales operations; trained new hires; tracked team and store goals.

EDUCATION

- Applied Physics — Sofia, Bulgaria
- SoftUni — relevant courses in software and IT
- Udemy — Linux/Networking/DevOps courses
